

## Heavy rain expected in Karachi City

Dear Valued Customers and Partners,

As per the latest advisory from the Meteorological Department, the monsoon season has now begun, and Karachi is expected to experience heavy rainfall starting from the end of this week, continuing through next week.

Please note that during this period, there may be road disruptions and slower movement of goods transport towards airport/ports due to the adverse weather conditions.

To ensure the safety of cargo, we are advising all suppliers to dispatch cargo in covered trucks to airport/ports, and wrap cartons in plastic bags specially for the air cargo or suitable waterproof material to prevent damage from rain.

We will continue to monitor the situation closely and keep you updated on any developments that may impact cargo movement.

Regards.

Daanyal Ahmad
