The Norwegian shipowner and offshore tonnage provider Solstad Offshore ASA, with reference to the stock exchange notice from Solstad Offshore ASA (SOFF) on May 6, announced a contract award subject to board approval with Petrobras for the anchor handling tug supply (AHTS) *Normand Turquesa*.

SOFF confirms in a statement that the AHTS contract for *Normand Turquesa* has now been formally approved and signed.

The new Petrobras contract, which will commence in February 2026, has a duration of 4 years and a gross value of approximately \$84m, as the company states.
