## **Notice of Surcharge Suspension – Low Water Surcharge (LWS)**

Dear Valued Customer,

Thank you for your continued support and for choosing Ocean Network Express (ONE) to cater to your needs.

This advisory is to inform you of an immediate change regarding the **Low Water Surcharge (LWS)** applied to your shipments.

Following the recent decision issued by the National Waterborne Transportation Agency (ANTAQ), we are implementing the **immediate suspension** of the Low Water Surcharge (LWS). This suspension applies to **all trades**, encompassing both **FMC-regulated** and **non-FMC-regulated** lanes.

### Charge:

**Low Water Surcharge (LWS):**

**USD\$ 975 per TEU**

Applicable to/from Brazil (Porto Velho and Manaus Port)

Should the decision issued by the competent authorities (ANTAQ or others) be revised, modified, or repealed, ONE explicitly **reserves the right to reinstate the Low Water Surcharge**.

Any potential reinstatement of the LWS may be applied **retroactively** to the applicable shipments.

We are committed to maintaining transparent communication and will continue to monitor the situation closely. We would like to take this opportunity to thank you for supporting ONE and look forward to continuously serving your global transportation needs.

Should you have any questions, please do not hesitate to contact your ONE representative.

Yours faithfully,
